PIOMAS September Minimum Arctic Ice Volume

Extreme weather in Frome

Discussion:

As a community what 3 things should we do to counter and prepare for a climate emergency?

How can this be achieved?

1. Reducing energy demand
2. Increased renewable energy
3. Switching to electric vehicles
4. Government support
5. External funding
6. Community energy

Recommendations

1. Declare a 'Climate Emergency'
2. Pledge to make Frome carbon neutral by 2030
3. Call on Westminster to provide the powers and resources to make the 2030 target possible
4. Sign up to the Covenant of Mayors
5. Develop a detailed plan of action and report back to council in six months time with an update on the actions being taken to address this emergency.
