

# SWITCH TO A RENEWABLE FUTURE

SAT 5<sup>TH</sup> MARCH, CHEESE AND GRAIN, FROME

A one day conference exploring how we can cut carbon from buildings, generate energy cleanly and work towards enabling renewable towns. With fascinating case studies from Frome, Germany, France, Poland and the Isle of Eigg. Join us for talks, discussion, food and stalls.

**09:30 Reception** - coffee and stalls

**10:00 Welcome** - Councillor Pippa Goldfinger, Frome Town Council

## **10:15 SWITCH TO LOW CARBON BUILDINGS**

**How low should we go with lowcarbon retrofit?** - Bob Prewett

**France - Low energy retrofit: a holistic approach for eco exemplars**

**Poland - Low carbon buildings - Municipal Housing Management Rabka-Zdrój** - Maria Nowacka

## **11:30 SWITCH TO RENEWABLE ENERGY**

**Community Energy** – Anna Francis, Frome Renewable Energy Co-op

**Creating energy from food waste** – Thomas Minter, Malaby Biogas

**River Power Around Frome** – Anthony Battersby, Mendip River Power

**Going for zero, how to become a 100% renewable town** – Professor Keith Barnham

**A renewable Island** – Camille Dressler, Isle of Eigg

**12:30 Vegetarian lunch and stalls**

## **13:30 SWITCH TO RENEWABLE ENERGY**

**France: Renewable energy from local resources**

**Poland: Renewable energy in Poland** - Dariusz Makowski & Wioletta Miśkowiec, Rabka-Zdrój

**European case studies**

## **14:30 SWITCH TO SUSTAINABLE LIFESTYLES**

**Driving the future - electric vehicles** – Kevin Sharpe

**Sharing Transport Needs** – Ellie Grebenik, Co-Wheels

**France: Energy saving for all**

**Poland: Spa treatment and sustainable lifestyles** - Monika Chlebek, Spa Rabka

**European case studies**

**15:30 Conclusions and next steps**

**16:00 End**
