

Small Improvement Schemes (SIS) Submission Form 17-18

Applicant Name	Cllr. Linda Oliver, Frome North Division
Priority	
Date/Call Period	October/November 17

Please provide as much information as possible and see examples for assistance.

Location - Please attach a map or illustration

Name of Road/Street Oldford Hill, Junction of Cuckoo Lane/Gypsy Lane & Bath Road_____

District _Mendip_____

Ward/Parish Frome _____

Brief Description or problem or issues to be addressed

See attached reasons for application

Evidence of community support for the proposal? eg supportive email/letter

- County Councillor (if officer submission)
- Town or Parish Council
- Public concern
- Community stakeholder (Police, bus company, school etc)

Please expand with details - ___The application to improve highway safety in this area is supported by Frome Town Council, Chief Inspector Mark Nicholson, Mendip Community Speed Watch, local councillors and SCC Highways officers Chris Betty and Jeff Bunting

Please provide details of evidence to support the scheme
(eg road safety problems, pedestrian demand, community speed data)

Formal letters of support and speed data can be provided, if required.

How does the scheme encourage sustainable travel?
(Eg: cycle path and wider pavements for walking to school)

Improved access to bus stops and reduction in traffic speeds would encourage cycling and walking in this area.

Who will benefit from the scheme?

- Children
- Cyclists
- Public Transport
- Mobility impaired
- Pedestrians
- Local Residents

Please expand with details _See attached supporting document and technical plans for developer funded footpath and crossing in Bath Road_____

Is local funding (or land) available to support this application?

On approval of the plans submitted to fulfil a condition for the provision of a footpath and crossing through developer funding will complement any further highways improvements in this area and contribute positively to what would have been the costs_____

Please provide details of any constraints that may effect delivery timescales?
(eg Heritage, land issues, environment, events)

In order to improve visibility land in private ownership at the junction of Cuckoo Lane and/pr Gypsy Lane may be involved.
Hedges/Trees not on Highways land may need to be cut back.

Please provide any additional information which you think may support your application.

Please see attached supporting document and drawings provided by Chris Beaver, Planning Sphere Ltd.,
