

Agenda item 10

For decision - Financial Regulations

Author: Sarah Williams, Business Manager

Summary and recommendation

The Financial Regulations are an important document that set out how the Council will operate financially. Most of the Regulations are mandatory and based on a model document produced by the National Association of Local Councils (NALC), but there are some ways of working that this Council chooses to adopt as well.

It is my responsibility to review and table the Financial Regulations for re-adoption annually at the May Council meeting. There are no amendments to the ones that were adopted in May 2018 and it is recommended that Council approves the Regulations at [Appendix 10.1](#).
