

About Macrame

Macrame is the craft of creative knotting, it's been around for centuries and used by cultures ancient and modern. More recently people remember it as the craft of the seventies!

Once you've mastered just 2 basic knots, you can make a variety of beautiful items. We'll start with a simple keyring.

What you'll need

2m - Garden (jute) twine or string

Scissors

Keyring, split ring or metal curtain ring (2-4cm diameter)

Alternatively for a mini wall hanging, use a nice piece of driftwood, a stick from the garden or a craft lolly stick

About Aliss

Aliss has a light and spacious studio at The Welsh Mill, teaching relaxed and fun sewing and craft classes. She also co-leads Frome's annual lantern workshops and parade. Find her at artventures.org.uk
