# Introduction

.....

Welcome to the 2021 edition of Frome's Green Directory.

Green homes are healthier, happier homes. From saving money on energy bills through insulation measures, to creating gardens for Wildlife, to using recycled materials to furnish your home- there are many steps you can take to help make your home more comfortable and sustainable..

This brochure categories local businesses into some of the main areas for improvement: energy efficiency, renewable energy, architects, contractors, carpenters and more. Wherever possible we have included local, Frome based businesses. However, for some areas we have had to go further afield to find green specialists.

If you wish to be included in future editions of the Green Directory please email xx with a short description of your business.

Useful guide to responsible home retrofit:

The Centre for Sustainable Energy has produced an essential guide to taking a whole-house approach to low carbon retrofitting in your home, which can be downloaded at <https://www.cse.org.uk/downloads/advice-leaflets/insulation-and-heating/renewables/building-performance/advice-leaflet-whole-house-approach.pdf>

Free and impartial energy advice:

The Centre for Sustainable Energy provides free and impartial home energy advice for Somerset residents. To find out how to reduce your bills, insulate your home, switch to renewable heating or for help with suppliers, debt and grants contact CSE on 0800 082 2234

Funding for home improvements:

There are often grants available for households on lower incomes to make home improvements. To find out if you are eligible for funding, contact the Centre for Sustainable Energy's free advice line on 0800 082 2234.

Mendip District Council also has several grants available for household improvements. To find out what is available visit <https://www.mendip.gov.uk/energyefficiencyfinance>

If you do not qualify for grant funding, low interest loans are provided by not-for-profit organisation Lendology (previously Wessex Resolutions) in partnership with Mendip District Council. For more information call Lendology CIC on 01823 461099 or visit [www.lendology.org.uk](http://www.lendology.org.uk)
